The U.S. government, through the President’s Emergency Plan for AIDS Relief (PEPFAR), is partnering with the people and the Government of Vietnam to accelerate progress toward achieving HIV/AIDS epidemic control, with a focus on the following priorities:

- Rapid scale-up of services in the Northern Economic Zone (NEZ) and Ho Chi Minh City (HCMC) regions to reach 90-90-95 targets and epidemic control by 2020
- Improving the quality and coverage of HIV services, including assertive case finding and treatment retention with a focus on key and vulnerable populations
- Enhancing the cost-effectiveness of programs and building affordable models of care to increase domestic financing
- Supporting the development of national policies and institutions to improve program quality and sustainability, with emphasis on surveillance and strategic information, human resources for health, laboratory systems strengthening, and civil society engagement

Cumulative PEPFAR Investment (FY2004-2018): $841,415,561

Cumulative PEPFAR Results in Vietnam (through June 2018)

- Antiretroviral treatment for 161,632 people
- HIV testing services for 473,340 people*

*In Fiscal Year 2017 alone
