PEPFAR

U.S. President's Emergency Plan for AIDS Relief

PEPFAR FUNDING

PEPFAR Overview

The U.S. President's Emergency Plan for AIDS Relief (PEPFAR) was launched in 2003 by President George W. Bush with strong bipartisan support from the U.S. Congress and strengthened significantly by President Barack Obama. The program represents America's commitment to saving lives and the shared responsibility of all global partners to achieve an AIDS-free generation. With the generous support of the American people, the U.S. government has committed more than \$70 billion to bilateral HIV/AIDS programs; the Global Fund to Fight AIDS, Tuberculosis and Malaria; and bilateral tuberculosis programs.
